### ***How You Profit***

Ordering with ThatDecalGuy.com, you keep 50% on all your decal sales. With the average order being about 100 decals, you'll make \$250. Decals retail for between \$6.00 and \$10.00 each.

### ***Pricing***

That Decal Guy has made it easy! All decals are just \$3.00/ea. No minimum orders, no setup fees. Just collect all of your team orders at one time and send them in with your payment to qualify for our low, low pricing.

### ***Selling***

Make as many copies of the "Customer Order Form" as you need for your customers. Download these from our website: [www.thatdecalguy.com](http://www.thatdecalguy.com). Then, take orders. When you've collected all of your team's orders, combine them on the Master Order Form and send it to us along with your payment. You can send the form by US Postal Mail, Fax or Email.

### ***Custom Decals***

Most teams have their own individual mascot designs. This is no problem! Simply contact us with your image and we can easily turn it into a spirit decal for your organization at no additional cost.

### ***Turnaround Time***

This depends on the quantity of your order. Typically we can have orders of 100 pieces shipping in 5 to 7 business days. Larger orders can take up to 2 weeks, and Follow-up orders typically take less than one week.
